Word *Ladders*

A Free Sampler, Grades 1 to 5

One real page from each grade pack, two ladders on every page, exactly as they print in the full packs.

THIS IS A SAMPLER · ONE PAGE FROM EACH GRADE

WHAT'S INSIDE

- 5 print-and-go pages, one from each grade pack, 10 word ladders in all
- Two PDFs, just like the full packs: Standard, and Assisted with an arrow on the box that changes. This is the Standard one.
- A clue under every step to guide each word
- An answer key for all 10 ladders, and a link to every full pack
- Designed in black and white to photocopy cleanly

THIS IS A SAMPLE OF THE FULL PACKS

Year-round grade packs: 100 ladders on 50 student activity pages, four levels, an answer key, and both versions, Standard and Assisted. Halloween & Fall packs: 50 seasonal ladders per grade. Tap a grade to open its listing.

Using This Sampler

Five real pages, one from each grade pack.

Each page here is lifted straight from one grade of Word Ladders, Grades 1 to 5, at the Three-Word Ladders level: two ladders per page, three words to write on each, top and bottom words given. Flip through to see how the climb changes from first grade to fifth.

1 How a ladder works, two ways

- Only one letter changes from word to word, and every step is a real word.
- Use the clue and the one-letter rule together. If a word does not fit, try another letter.
- Two PDFs, like every full pack. You are reading the Standard one; the Assisted one holds the same ten ladders.

Assisted: the arrow points at the box that changes, so a student new to ladders knows where to look. Choose Standard or Assisted to match each student's needs; both use the same words and clues, so the choice stays quiet. Model the example and read clues aloud as needed.

2 Ways to use it

- Word work centers and literacy rotations
- Early finishers who need something real
- Morning work while you take attendance
- Try a sample to choose a starting point

3 What the full packs hold

- Year-round packs: 100 ladders on 50 student activity pages
- A complete answer key in every pack
- Four levels that climb, in Standard and Assisted versions
- Halloween & Fall packs: 50 seasonal ladders per grade

- **Printing.** Print the grade page you need from pages 3 to 7. Keep page 8 as the teacher key, with a link to every full pack.
